Summary

I'm an enthusiastic and passionate business leader with a strong motivation for success. As the CEO and lead web designer and developer at Leung Enterprises, my web design and development shop, I lead the entire website design and development process, from initial client meeting to presentation of the final product. I enjoy working with people and teams that have a drive to succeed and want to tackle tough problems in innovative ways. I'm passionate about web design, software development and entrepreneurship, so feel free to contact me if you want to talk or meet up!
